Week 7
Jeremiah 14 - 17

How has lamenting been lost/distorted today? What is the value in lamenting? How can we lament in a healthy biblical way?

Where do false prophets arise in our lives today? How do we identify/discern who is a false prophet? What is our responsibility toward them?

How do we compare and contrast the response of God to Jeremiah vs. the people in chapter 15?

Are we called to live as Jeremiah did, dramatically different than others? Is suffering something we should expect as followers of God when evil exists in the world?

The people doubt the judgment of God. Have you heard similar things today? How did Jeremiah respond? How should we respond?
