

2 Corinthians 6
March 22, 2017

How can God's message reach us in vain? What are ways we don't allow God's word to change us?

How have you experienced the gospel being shamed because of an offensive Christian? Have you changed your lifestyle as to remove any stumbling blocks you may be creating for others? How?

Do you identify with Paul's list in 8b-10? Does this encourage or discourage you?

Why is the question of separation so difficult for us? What does separation mean/look like to you?

How can we be separate from the world yet still a witness to non-believers? How are you separate yet influential?
